

**Health Libraries Group  
Conference  
10 – 12 July 2006  
The Winter Garden, Eastbourne**

## **Poster Presentations**

### **Format**

Posters will be displayed on boards arranged in a concertina layout. Each board is in three sections:

- the base panel is 750 mm high
- the main (middle) panel has a useable surface of 1155mm wide and 900mm high
- the header panel has a useable surface of 1155mm wide and 135mm high

The boards will be covered in royal blue nylon fabric which accepts Velcro. We will supply some Velcro to mount your poster on the panel. Please make your poster visually attractive and avoid too much detail. Ensure that all lettering is large enough to be easily legible. All posters must include the title, author name(s) and contact details.

### **Location**

The poster sessions will be located in the Devonshire Park Hall, the Winter Garden, Eastbourne. Each poster will be given a number. These will be detailed in the Conference Handbook. You should display your poster on the board with your number.

### **Poster Viewing**

All posters should be displayed continuously from 10.00 am on Monday 10 July to 13.30 pm on Wednesday 12 July, when they must be removed. You are expected to stand near your poster during the tea/coffee breaks on Monday 10 July to answer questions from delegates. Please try to be available during tea/coffee breaks on Tuesday and Wednesday.
